## [Historic Banning Mills Zip Line Tours](#) - Georgia

Look for Eagles Flight! Our new 1/2 mile long zip line with one of the world's highest timber pole towers. Like stepping off a 30 story building. A ride of a lifetime! Complete tour can take 2 to 3 hours.

This is the pattern tour and our really long 1500 foot zip line called the Big Daddy! You will then do a short zip to the ground and walk back to the main lodge on our beautiful trails, some of which are the old town roads and old water raceways of the ghost town of Banning.
